## CROATIAN ARE SLAIN BY SERBS

Racial Hatred Inspires the Charge on Servians; Austrians Kill Own Men.

Venice, Italy, Sept. 17.—Reports received here from trustworthy sources indicate that the situation of the Austrian troops in Galicia is most precarious. During the fighting along the Serbian frontier, the Croatian recruits suffered enormous losses. Owing to their racial hatred of the Servians, they were chosen to lead the first attack, and carried by their enthusiasm, they did not wait for the support of their artillery, but rushed blindly against the Servians, running instead of crawling across the field. As a consequence they fell in masses before the Serbian fire.

Around Lemberg the capital of Galicia, the Austrian infantry sustained terrible losses because the artillery was caught in the marshes. The artillerymen stood for several hours in water and arrived at the scene of the fighting too late to afford the necessary support for the infantry.

It is also asserted here that the Austrian artillery destroyed three of their own infantry regiments whom they mistook for Russians because of a similarity in the uniforms.

## ALL WOUNDED IN FRONT.

Wounded to the number of 996 arrived in Vienna Tuesday. As evidence of the gallantry of the Austrian soldiers, it is declared that all the wounded lay on the front of the body. Accordingly, it is announced that the government order forbidding persons to give information regarding wounded soldiers has been canceled. The public is now freely admitted to the hospitals, indicating that the authorities do not fear to let the people know what has happened.

## MAY CURTAIL COTTON PRODUCTION BY TAX

Washington, D. C., Sept. 17.—Convicted after a search of supreme court records that the federal government has a right to curtail production by means of a prohibitive tax, a committee of senators and representatives will recommend to the congressional cotton conference tonight plans designed to limit the production of cotton in this country next year to 50 percent of the 1914 crop.

One plan would tax 16 cents a pound all cotton produced by any planter in 1915 in excess of 50 percent of the total he produced in 1914. Another plan would levy a tax of \$10 an acre on the total acreage planted with cotton in 1915 in excess of the total acreage of 1914.

## BRITISH LOSSES 15,000 IS CLAIM

Germans Say Confirmation of Success of Kaiser's Forces Is Received

(Continued From Page One.)

was in Germany, the correspondent of the Reuter-Telegraph company, telegraphing from Maastricht, Holland, says that dispatches received in Maastricht from Cologne, Dusseldorf, Weiden and Duisburg state that the cities are strengthening their fortifications to meet a possible attack of the allies.

## Assertions Are Conflicting.

Berlin claims that the attack of the allies has been repulsed and that the German counter attacks have succeeded, while it is asserted officially that the German counter attacks have been repulsed and that the invaders are slowly giving way. Sympathizers with both sides are thus met with directly conflicting statements which can be reconciled on the assumption that the narrators are referring to the different points in the vast field of action. As the crowd files the front of opposing armies, which, with the heavy reinforcements that have reached them, probably total the hitherto unheard of 3,000,000 men, stretches 110 miles. Making allowances for the deviation north to Laon, the line must be 150 miles long, so there is ample room for successes on one part of the field and reverses elsewhere. The Germans are in their selected positions with strong reinforcements rushed up from Lorraine.

## Attempt to Repeat Marne Battle.

The British and French armies seem to be attempting to repeat on the Aisne the turning movements carried out so successfully on the Marne.

## The position of the army of the German crown prince, making its way toward the Stenay gap, remains full of interest.

The French army, which hurried the exit of the crown prince by road, is still hurrying in pursuit of him.

## German Wing Reported Surrounded.

A dispatch from Amiens Tuesday night reported that a German wing was surrounded by the allies.

## Enemy Weakening in Spots.

The text of an official communication today is as follows: "First—On our left wing the resistance of the enemy on the heights to the north of the river Aisne has continued, in spite of the fact that the enemy gave back slightly at certain points.

## Second—On the center, between Berry Aisne and the Aisne, and the Argonne, the situation shows no change.

The enemy continues to fortify himself along the line previously indicated. Between the Argonne and the Meuse the Germans are entrenching themselves in the vicinity of Mont Facon. In the Woivre district they have come in contact with several detachments of the enemy between Etampes and Thillemont.

## Third—On our right wing, in Lorraine and the Vosges, there has been no change.

## Battle Along Entire Front.

"Summing up, the battle is being continued along the entire front between the river Oise and the river Meuse. The Germans occupy positions organized for defense, armed with heavy artillery.

"Our progress is of necessity slow, but our troops are animated by a spirit of offensive and are giving evidence of vigor and enthusiasm. They have repulsed with success the counter attacks undertaken by the enemy both during the day and at night. The morale of the French soldiers is excellent."

## Berlin, Germany, Sept. 17.—By wireless via Sarville, L. 1.—An official report given out at army headquarters last night says that the battle front in France remains unchanged.

The French attacks on a number of points Tuesday night and Wednesday were successful in repulsing the Germans, who made a number of victorious counter attacks.

Owing to illness, Gen. von Hausen, former commander of the second of Saxony army, has been replaced by Gen. von Einem, former minister of war.

Another change in leadership has taken place in the 14th reserve corps, where Gen. von Schubert has been replaced by quartermaster of the corps, Gen. Stein, the well known editor of the official war reports and author of laconic war bulletins.

## "Reports of Victories Untrue."

Washington, D. C., Sept. 17.—The German embassy today received the following wireless from Berlin: "All the French and English reports of victories of battles in France are untrue. The German retreat of the west wing was a purely tactical maneuver not affecting the strategic position. The French attempt to break through the center of the German position was victoriously repulsed."

"There is confirmation of German success at several points of the long extended battle front. The German reports that the losses of the British army in the recent fighting amount to 15,000 dead and wounded."

## ENGLISH IN FRANCE EXCEED 8 DIVISIONS

London, Eng., Sept. 18.—Earl Kitchener, secretary of state for war, in the house of lords today took the country into his confidence as to what the British army already had done to assist the French allies, and spoke of what would be done in the future in the war, which he said, probably would be a long one.

"There are already in France," he said, "rather more than six divisions of our expeditionary force."

The latest advice from Sir John French, he said, do not materially change the situation from the published statements. The troops were in good heart, ready to move forward, when the moment arrived.

In addition to the six divisions of troops, he said, there are 10 divisions of cavalry in France, which are being maintained at their full strength, while further regular divisions and additional cavalry are being organized from units drawn from overseas garrisons.

## AUSTRIANS DENY STORY OF REPULSE

## NEED 3000 MEN TO GATHER CROPS

Howard County Peanut Growers Elect Officers for Association.

Big Springs, Tex., Sept. 17.—Three thousand extra farm hands are needed in Howard county to help gather the crops this fall and steps have been taken to advertise in papers at a distance for farm workers. The crops of cotton and peanuts in Howard this year are unusually large and the farmers are eager to gather both crops as they mature and obviate the loss that always follows leaving them in the fields.

## Peanut Growers Organize.

Howard county peanut growers, who formed an association at a public meeting held in the courthouse here, have elected the following officers: Lem Stallings, president; D. M. Mathews, secretary and treasurer; directors, D. H. Hatch, Cliff Hudson and J. C. Newton. The association started with a membership of 45 and it is expected to have 75 within a month. The association will place an order for sacks for the peanut crop this year.

## GET EXPERT GIN MAN FROM EGYPT

Mesa, Ariz., Sept. 17.—An expert "gin filler" is now on his way from Egypt to Mesa, to adjust the plant of the Mesa Egyptian Cotton Growers' association. During his recent trip to Europe and Egypt, W. S. Dorman learned that in Egypt, gins of the same type that are being built here, turn out from 10 to 15 pounds of lint in an hour, to each unit, ordinary hand feed being used. In the Salt river valley the output is from 40 to 50 pounds an hour and the difference is attributed to the fact that in Egypt the adjusting of gins has been reduced to an exact science.

## CALIFORNIA LOOKS FOR CACTUS RANCH

Tucson, Ariz., Sept. 17.—Frederick & Wythe in here from San Francisco to check up surveys made by Walter L. Johnson of desert land available for a cactus farm for propagation purposes. ## EXPECT "BUY A BALE" TO MAKE COTTON 10 CENTS

Austin, Tex., Sept. 17.—Texas county farmers are being paid 8 cents for their cotton and over 1500 bales have already been sold at that figure. Business men are making an effort to boost the price at 10 cents. This is being done under the "buy a bale" plan, which is meeting with ready response by the business men generally.

## GRANTS SPECIAL RATE ON COTTON TO GLENDALE

Phoenix, Ariz., Sept. 17.—A special railroad rate of 12 cents a hundred weight on unginned cotton, from Buckeye valley points to Glendale, has been approved by the transportation commission. Most of the cotton produced in the Buckeye valley this season will be shipped to Glendale for ginning.

## S. P. RAILROAD MAN ASKS \$15,000 FOR EYE

George E. Cook has filed suit in the special district court against the Southern Pacific railroad for \$15,000 damages because his right eye was injured while he was employed in the Tucson shops of the company. He alleges that the company permitted a dark passageway to be used by employees and that he collided with another employee of the company while carrying a bag of tools. His right eye was injured so badly by the accident that he lost the sight of it.

## CORPORATION BOARD SPLIT

Members Are Personally Opposed to Each Other on Personal Grounds.

Phoenix, Ariz., Sept. 17.—Charges will be preferred, it is claimed, against corporation commissioner P. A. Jones by commissioners W. P. Geary and A. W. Cole when the Democratic state party council meets in session at the capitol, September 25.

Geary and Cole will demand that the council demand Jones' resignation from the ticket. If the council makes any such demand—which does not appear likely at this time—Jones will refuse.

All three members of the corporation commission were renominated by the Democrats. Immediately after the result became known, Jones told the directors of the Maricopa County Commercial club that he would not serve again on the commission as it is now constituted. Geary and Cole say that this was no nice way for Jones to talk about his running mates, and that his ultimatum has weakened the entire ticket.

The party council is composed of the senators, congressmen, chairman and secretary of the central committee, and candidates for state offices. There is no way under which the council can compel any candidate to withdraw from the ticket.

Members of the Commercial club are inclined to side with Jones. The club is bitterly opposed to Geary and Cole and was as much interested in seeing at least one of them defeated as it was in renominating Jones. But some of the members favored Don Habbitt, some Sam Bradner and some J. W. Weatherford, while some were "Progressives" and Republicans. No attempt was made to reach an agreement to support any

## DEMOCRAT EXCEPT JONES. IT WAS LEFT TO PROVIDENCE TO NOMINATE HABBITT, BRADNER OR WEATHERFORD AND PROVIDENCE DIDN'T COMPLETE THE JOB.

Thomas E. Maddock, of Williams, Republican candidate for the corporation commission, has reached Phoenix and is holding numerous conferences with the leaders of the Commercial club. The club is inclined to support Maddock along with Jones. Negotiations are still going forward with a Cochise county "Progressive," who may also be endorsed for corporation commissioner by the commercial bodies.

## VEGAS POLICEMAN SHOT BY JAILOR

East Las Vegas, N. M., Sept. 17.—Pedro Padilla, policeman in Las Vegas, was shot and instantly killed here when he and county jailor, Amador Ulibarri, is reported to have fought a duel with him with revolvers in the old town. The jailor claimed to have fired in self defense after being attacked by the policeman.
